Thank you for Purchasing an Unlimited Version of *Mega Jackpot Slots*!
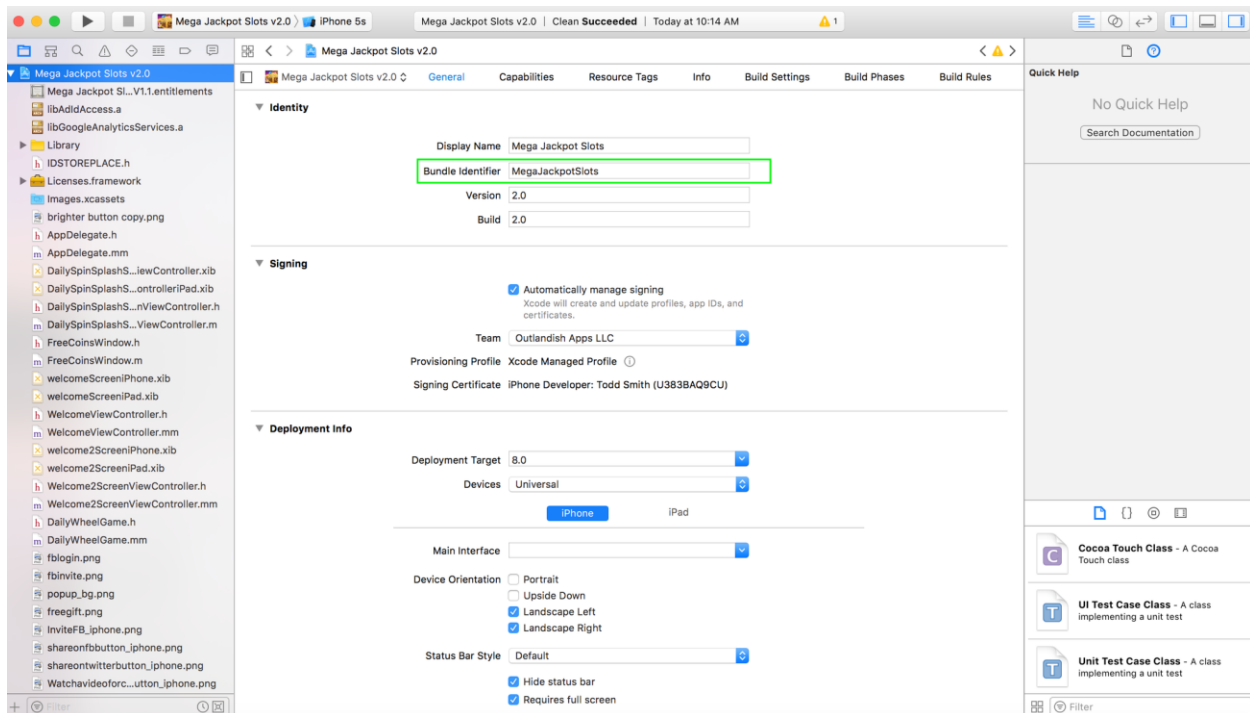

Your license key, Full Name and Bundle ID should be entered into the project and run in the simulator with 24 hours after open the project for the first time to avoid an interruption of service. Full instructions below.

Watch a video of this quick setup process so you know what to do.

(After watching the video)
Go here to register a license key

Fill in your name, email, bundle ID, Country, and Company Name and then submit. Do not close out this browser. Copy down your license key and save. Keep the browser open so you can copy everything easily over to Xcode.

Then take your exact bundle ID and enter it into Xcode:
